

*Best Wishes for continued success  
Alexco Resources, from your friends  
at Versatile Fab & Machine.*

# VERSATILE

## FAB & MACHINE LTD.

**Versatile Fab & Machine Ltd.** is based in the beautiful Okanagan region of British Columbia, Canada. This progressive company has a diverse, 27 year history in all aspects of steel fabrication, having worked with many different local, national and international companies during that time.

**We can assist you** with product cost estimation and our insight can be invaluable in a successful project design. Our skilled staff are all certified steel fabricators and/or CWB certified welders and they have the expertise to handle all tasks large or small while prioritizing attention to detail, efficiency and commitment to total customer satisfaction.

**For dedicated, professional services** or to discuss any of your steel fabrication needs, contact Versatile Fab and Machine Ltd. From structural steel and tanks to material handling conveying systems, we provide guaranteed quality products delivered on budget and on time.

**Superior Fabrication Since 1983**
